- Coding competitions
- Non-technical:BGMI, Treasure Hunt,Shot-put.

SOFT SKILLS

- Team collaboration
- Problem-solving
- Communication
- Time management
- Critical thinking

PROJECTS & GITHUB CONTRIBUTIONS

ZETAONE: One-Stop Solution for All Your Service Needs–Anytime, Anywhere! Developed a unified platform that connects AC technicians, Electricians, Plumbers, Mechanics, carpenters, technicians, cleaning and Pest control, home appliances repair, building paintings and other service providers with customers, offering efficient, reliable, and accessible maintenance services.

•Built using HTML, CSS, JavaScript, and backend technologies. Implemented features for service booking, scheduling, and real-time notifications.

•Ensured a user-friendly interface with responsive design for seamless cross-device access. • Enhanced customer experience by integrating search, filtering, and ratings for service providers.
